

## **Grant for networking to facilitate the participation of EaP Countries in Brokerage Events and in Preparatory Meetings – 4<sup>th</sup> Call**

### **Guidelines for Applicants**

#### **Objective**

The aim of the Grant scheme is to extend scientific networks between EU Member States/non-EaP Associated Countries and EaP countries as well to increase the number of EaP participants in submitted H2020 project proposals. For this end the scheme will financially support the EaP researchers from:

- Research entities e.g. research institutions/organizations, higher education institutions etc.,
- SMEs and Industry,
- Local authorities,
- Civil Society.

The scheme will fund participation to large-scale Brokerage Events and similar activities related to Horizon2020 as well as to Preparatory Meetings for developing project proposals targeting selected thematic calls within H2020.

In this scheme particular attention is given to applications related to preparation of proposals addressing the SPIRE which are explicitly encouraging the participation of EaP partners into the proposals. For SPIRE calls see page 62 in this document: [https://ec.europa.eu/programmes/horizon2020/sites/horizon2020/files/h2020-leit-nmbp-2018-2020\\_pre-publ.pdf](https://ec.europa.eu/programmes/horizon2020/sites/horizon2020/files/h2020-leit-nmbp-2018-2020_pre-publ.pdf).

#### **Eligibility criteria**

These criteria **have to be met** in order to be eligible for participation.

- Be a member or an employee of a research institution/organization, a network of organizations, a higher education institution; an SME-enterprise or industry, local authority or Civil Society organization involved in research (e.g. industrial plants working with universities);
- Conduct research in one of the EaP countries (AM, AZ, BY, GE, MD, UA);
- Submit a completely filled application form along with all the required documentation;
- Have a PhD degree and/or at least three years' full time experience in research;
- Speak English fluently.

**Further eligibility criteria - participation in preparatory meeting**

A preparatory meeting must comprise partners from at least two organisations with one partner necessarily from an EU member state and one from EaP country. EU MS/non-EaP AC partners have to formally invite EaP researchers (or vice versa) with whom they intend to participate in a preparatory meeting to jointly develop H2020 application(s). One person from the partnership must be designated as the “Coordinator” of the project i.e. the activities covered under the preparatory meeting. EaP PLUS will only support applications that imperatively include 1-2 preparatory meetings among representatives of the partner organizations in order to prepare, and work on the scientific/administrative details of the proposal. In addition, it is possible for the organisations to participate in preparatory meetings of already existent EU consortia in order to establish a cooperation for a common application to a H2020 call. The application should include:

- Information on the preparatory meeting activities (place, time, number of participants, the actions for the preparation of the joint proposal etc.).
- Description of the member organisations, names and contact details of the researchers participating in the meeting, name of the Coordinator.
- Information on the selected call within HORIZON 2020, for which a new proposal is intended or being prepared.
- Brief information on the scientific basis for the proposal.
- A brief description of experience in previous S&T projects.
- A list of up to 5 related publications.
- An anticipated time schedule for the preparatory meetings.
- Signed letter of intent between EU and EaP researchers.

**Preparatory Meetings for SPIRE calls:**

Applications for participation in preparatory meetings for proposals addressing SPIRE calls in H2020 will be given particular attention. You can find the list of SPIRE calls here:
